## Professional Summary

Computer Science student with strong foundations in programming, data analysis, and software development. Experienced in teamwork-centered environments and motivated by problem-solving, accuracy, and efficiency. Well-versed in Flutter development, data structures, and science-based analytical thinking. Adaptable, detail-oriented, and committed to delivering high-quality outcomes in both technical and customer-focused roles.

## Work Experience

### Waiter – Casa Di Pizza, Kfardebian, LB (2023–2025)

- Served 70–80 customers per shift while improving service flow and reducing wait times by an estimated 15%.
- Maintained over 90% order accuracy across all shifts, reinforcing customer trust and consistency.
- Managed an average of 7 tables simultaneously during peak hours, demonstrating multitasking and teamwork.
- Collaborated with an 8-member team to streamline operations and enhance communication efficiency.
- Anticipated customer needs through behavioral cues, contributing to a notable increase in returning clients.
- Supported onboarding of new staff, helping reduce training time by approximately 20%.

### Bartender – Scappa Resort Ajaltoun, LB (2022–2023)

- Prepared and served 100+ drinks per shift with consistent quality and presentation.
- Enhanced customer engagement through personalized drink suggestions, increasing bar satisfaction rates.
- Excelled under pressure during weekend rushes, maintaining speed and accuracy.
- Collaborated with team members to maintain a clean, efficient workspace and uphold safety standards.
- Assisted in organizing bar inventory, reducing restocking delays by approximately 25%.

## Education

### Bachelor of Science in Computer Science (2023–2027)

Notre Dame University – Louaize, Zouk Mosbeh

## Projects

### Money Tracker App – Flutter (2025)

- Developed a mobile app using Flutter to help users track expenses, income, and monthly spending patterns.
- Integrated Firebase Firestore for real-time data syncing, security rules, and cloud-based storage.
- Implemented categorized transaction logging, editable entries, and daily summaries.
- Designed a clean UI prioritizing readability, accessibility, and user-friendly navigation.
- Added basic analytics to display total monthly spending and category-based breakdowns.
